Reminder No B 29300) 26/11/23 from the Chief Engr, in the matter of abandoning the maintenance of the Donkey path between Nellapanahally & Jagan Valley via the Pandravalli road

The letter referred to, bearing Dno. 5501 A & file no. LB. 43-22-9 is shown as submitted to the II member (at present I member) on 25.6.23, in the Branch Diary. Could you kindly let me know if the file is still in your office or it has been returned to the Branch with orders?

The Register here shows that the file which was recd on 27/6/23 was returned with orders of the Revenue Secy on 5/7/23

All possible attempts were made to trace the original letter No B. 5326 D) 23/4/23 referred to by the Chief Engr (Dno. 5501 A, LB. 43-22-9). The Branch Diary showed the receipt as submitted to the II member. But information received from the member's office goes to show that the file was returned to the Revenue Secretary with orders, on 5/7/23. The File Register does not throw any light on the disposal of the paper. The monthly volumes of the period were looked into & no reference to this paper is available. Under these circumstances, there seems to be no other go but to adopt the

6. Resolution.

Read: Kadur Division Executive Engr's letter no 381 of 1.12.1922, proposing to abandon the maintenance of the donkey path between Tippanahalli and Jagar Valley & to maintain the Pandaravalli Road instead.

The Executive Engr's proposal is accepted.

Recd 10/1/24.

Letter No.B.5326 dated April 1923 from the Chief Engineer of Mysore, Roads and Buildings, Bangalore, to the Secretary to Government, Revenue Department, Bangalore.

I have the honour to inform you that a road to Pandaravalli has been opened by the Planters of the Bababudan Hills at a heavy cost and the value of work done so far is estimated by the Executive Engineer, Kadur Division, at Rs 12,155/-. It is now the desire of these Planters that the Donkey path between Thippanahalli and the Jagar valley which is being maintained at a cost of Rs 240/- be abandoned and the road to Pandaravalli taken up instead at the same cost. As the bit of the road is a District Fund Road, the President of the District Board was addressed by the Executive Engineer. He has replied to say that the subject was placed before the District Board at its meeting convened on the 24th February 1923 and the proposal was approved by them. I too inspected the road in question on the 24th December 1922 in company with the Executive Engineer and approve of the proposal of the Planters as approved by the District Board.

The favour of formal approval to the proposal is now requested. The order may be given effect to from 1st July 1922.
